Agenda of the 3rd GACP Science Team Meeting

Day 1:

8:00  Don Anderson – welcome, goal of meeting

Session 1:  Don Anderson (chair)

8:10  Mishchenko – summary of satellite component
8:30  Penner – summary of model intercomparison project

New satellite capabilities:
8:50  Kahn – MISR
9:10  Kaufman – MODIS

Session 2: Individual Reports: Satellite Retrievals
   Liou (chair), Kahn (rapporteur)

9:30  Stowe
9:50  Torres

10:10 – 10:30 BREAK

10:30  Durkee
10:50  Randall
11:10  Winker
11:30  Liou

11:50 – 1:10 LUNCH

Session 3: Individual Reports: Radiation Balance/Direct Effects
   Harshvardan (chair), Charlock (rapporteur)

1:10  Charlock
1:30  Christopher
1:50  Loeb
2:10  Pilewski
2:30  Remer
2:50  Stackhouse

3:10 – 3:40 BREAK

3:40  Tsay
4:00  Chou

4:20 – 5:30 Discussion: Where are we? What do we want for our final product:
   Are there areas where additional coordination would enhance product?
   Penner and Mishchenko (discussion moderators)
**Day 2:**

**Session 4: Individual Reports: Field Data**  
Russell (chair), Ogren (rapporteur)

8:00  Bates  
8:20  Clarke  
8:40  Covert  
9:00  Hobbs  
9:20  Novakov  
9:40  Ogren  

**10:00 – 10:20 BREAK**

10:20  Prospero  
10:40  Reagan  
11:00  Cairns  
11:20  Russell  

**11:40–12:15  Discussion: Utilization of field data to enhance aerosol satellite retrievals/modeling studies**  
Russell (moderator); Ogren (rapporteur)

**12:15 – 1:30 LUNCH**

**Session 5: Individual Reports – Modeling Studies**  
Novakov (chair), Chin (rapporteur)

1:30  Chin  
1:50  Chuang  
2:10  Ackerman  
2:30  Penner  
2:50  Fuller  

**3:10 – 3:30 BREAK**

**Session 6: Individual Reports – Indirect effects**  
Brenguier (chair), Del Genio (rapporteur)

3:30  Coakley  
3:50  Del Genio  
4:10  Harshvardhan  
4:30  Han  

**4:50 – 5:30 Further discussion of how to put together climatology**  
Hansen (moderator), Stackhouse (rapporteur)
**Day 3**

**Session 7:** Beyond First Phase of GACP  
Anderson (chair)

8:00   Brenguier:  Summary of PACE meeting and plans  
8:30   Hansen:  Summary of September workshop  

**Rapporteur reports: What have we accomplished? What can we deliver by September 2001?**

9:00   Satellite component:  Kahn  
9:15   Field data component:  Ogren  
9:30   Modeling component:  Chin  

9:45 – 10:15   **BREAK**

10:15  Direct Effects discussion:  Charlock  
10:30  Indirect Effects discussion:  Del Genio  
10:45  Climatology discussion:  Stackhouse  

11:00   **Discussion of future program directions:** Mishchenko, Penner  
11:45   **Wrap up:**  Anderson
